Nissan Versa Reviews About the Performance of the Car

The Nissan Versa is a compact utilitarian vehicle. The [Nissan Versa reviews](#) in many reputable auto review sites clearly reveal that it has several features to recommend it. Perhaps the most attractive factor is its price. If you are looking for a dependable car within a reasonable budget, the Nissan Versa will definitely suit your needs.

What the customers say

Nissan Versa reviews have given rave notices to the car. Most customers say that this car has almost no negative features. It is a small car, but is big on performance.

The sound system of the car has been praised by many. It has four speakers and most customers love the stereo with AM/FM, CD, MP3 and ipod ready speakers.

The **Nissan Versa reviews** support the company's claim that the interior of the car is roomy and comfortable with lots of headroom and legroom. Customers were very pleased with the car's capacity for cargo holding. As one Nissan Versa review clearly stated, the space is big enough to carry around a full set of drums.

The fuel efficiency of the car was found to be highly satisfactory in all the Nissan Versa reviews. With a front wheel drive and five speed manual transmissions, the car records a healthy 26 mpg in the city and 34 mpg on the highway. As the Nissan Versa reviews pointed out, such performance is almost unthinkable at the cost of the Nissan Versa.

All the Nissan Versa reviews mention the driving comfort and the feeling of spaciousness that the car gives.

The overall rating which emerged from the Nissan Versa reviews is that this car is a great value for money. It may not be the most stylish car on the road, neither does it offer the latest in all technological features, but it is the most cost effective car in its price range.

What do you get for your money?

As the **Nissan Versa reviews** point out, the car is great value for money. Here is a checklist to see what you get for your money:

- 1) You get a 1.6L engine of 107 HP. It has a torque of 111 feet-pounds at 4600 rpm.
- 2) The Nissan Versa has steel wheels with all season tires and tire covers.
- 3) It comes with rear defogger.
- 4) The fuel efficiency is impressive and you have a front wheel drive with five speed manual transmission.
- 5) There are several safety features like front, rear and side mounted airbags, rear door child safety locks and child seat anchor. The Nissan Versa has engine immobilizer and tire pressure monitoring. The car provides head restraint whiplash protection system to the driver as well as the passengers.
- 6) Nissan Versa has power door and one touch power windows.
- 7) The gadgets in the car include its awesome stereo system, tachometer and low fuel level warning system.

While it is true that the above features and many more are on offer in the market from other makes and models; but not at the prices at which the Nissan Versa is offered. One **Nissan Versa reviews** has nicely summed up the reasons to buy the car. It is a small car but it does not act little. So, if you are looking for value in

exchange of money then this model is your best bet.
